WHERE TECHNOLOGY MEETS INNOVATION!

We are a professional global provider of security checking products & customized solutions focused on maximizing threat detection and operational success. Our primary location in Dubai, UAE keeps us in close proximity to our global customers. With experience in diverse markets, Proscan employs multi-lingual, skilled professionals providing futuristic and cost effective security solutions to meet global and regional requirements efficiently. Our managing workforce retains several years of scalable versatile experience in international business and technological innovation.

We aim to utilize our in house research & development as well as centralized manufacturing advantage to effectively reduce costs and streamline security processes with an unconventional strategy that facilitates a judicious mix of flexibility and innovation. Throughout the process, the Proscan team maintains a commitment to dependability, versatility, professionalism and excellence.

We eagerly look forward to fostering productive relationships that promote mutual growth at www.pros-canglobal.com.

Stargate Series

TECHNOLOGY
BEYOND IMAGINATION!

P20

ENTERING
THE TIME CHANNEL

With advanced technology and precise detection capabilities, the P20 walk through metal detector quickly and accurately identifies individuals carrying prohibited or dangerous items, ensuring that your premises always remain safe and secure. an adjustable sensitivity feature proves extremely useful for different security requirements. Portability, foldability, swift deployment and ease of operation are features that make P20 a preferred choice for the first line of defense.

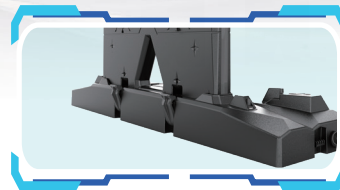

STARGATE WALKTHROUGH METAL DETECTOR

EXPLORE THE WORLD AND SEEK INFINITE POSSIBILITIES!

P20 • PRODUCT HIGHLIGHTS

- ※ Innovative New Portable Structure
- ※ High Class Mecha Style
- ※ Rapid Deployment within Minutes
- ※ Multi-Zone Pinpoint Detection from Head to Toe
- ※ Multi-units Easy Combination by Magnetic Connection
- ※ User-friendly & Simple to Operate
- ※ Built-in Self-Diagnostic Function
- ※ Long Time UPS Battery

※ APPLICATION
It can detect weapons, explosives or small pieces of metal in packages, luggage, letters, fabrics, etc. Featured as small size, easy to operate and ultra high sensitivity, this device shall be widely used for activities such as large conferences, sports games, concerts and so on.

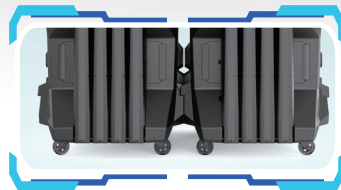

Stable Support System

HandHeldMetalDetector Knights KI Pro

Experience the Sword of Valor and Embark on a New Era of Security

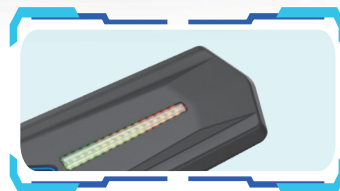

K1 pro • PRODUCT HIGHLIGHTS

- ※ High & Adjustable Sensitivity
- ※ Long Detection Distance
- ※ Light Weight
- ※ High Detection Accuracy
- ※ Sound, Light & Vibration Alarm
- ※ Metal Volume Indicator Light
- ※ Power Saving, Work for 40 Hours Continuously

- ※ Dimensions: L360mm × W80mm × H41mm
- ※ Power supply: 2 AA batteries No. 5
- ※ Operating temperature: -10℃ ~ +65℃ (Humidity: 0~95%)

※ APPLICATION

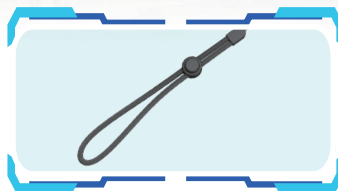

It can detect weapons, explosives or small pieces of metal in packages, luggage, letters, fabrics, etc. Featured as small size, easy to operate and ultra high sensitivity, this device shall be widely used for activities such as large conferences, sports game, concerts and so on.

UNIQUE FEATURES

SMART DT

SAFE DETECTION DIVESTING TABLE

SD5

**Smart Metal
Detector Divesting Table**

SD5 • PRODUCT HIGHLIGHTS

- ※ Powerful Power Management System to Meet Various Charging Needs
- ※ Equipped with Fast Charging Function to Make Charging More Efficient
- ※ Equipped with Wheels for Easy Movement
- ※ With Battery Protection Function
- ※ Color Matched to the Gate Structure
- ※ Intelligent, Efficient and Long-lasting (One Smart Metal Detector Divesting Table Can Be Equipped with Two Security Gates for Common Use)

- ※ Dimensions: L520mm x W250mm x H820mm
- ※ Input: 220V ~ 110V AC input interface
- ※ Endurance : 8.6H (two security gates)
- ※ Output: DC 12V/4.2A 12W

※ APPLICATION

Has a powerful power management system, long battery life, to meet various charging needs; Applicable to airports, subways, customs stations, factories, hospitals, etc.

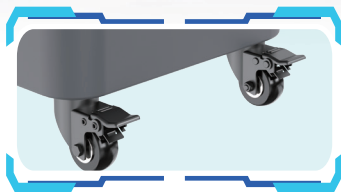

Function display panel

Easy Diversion

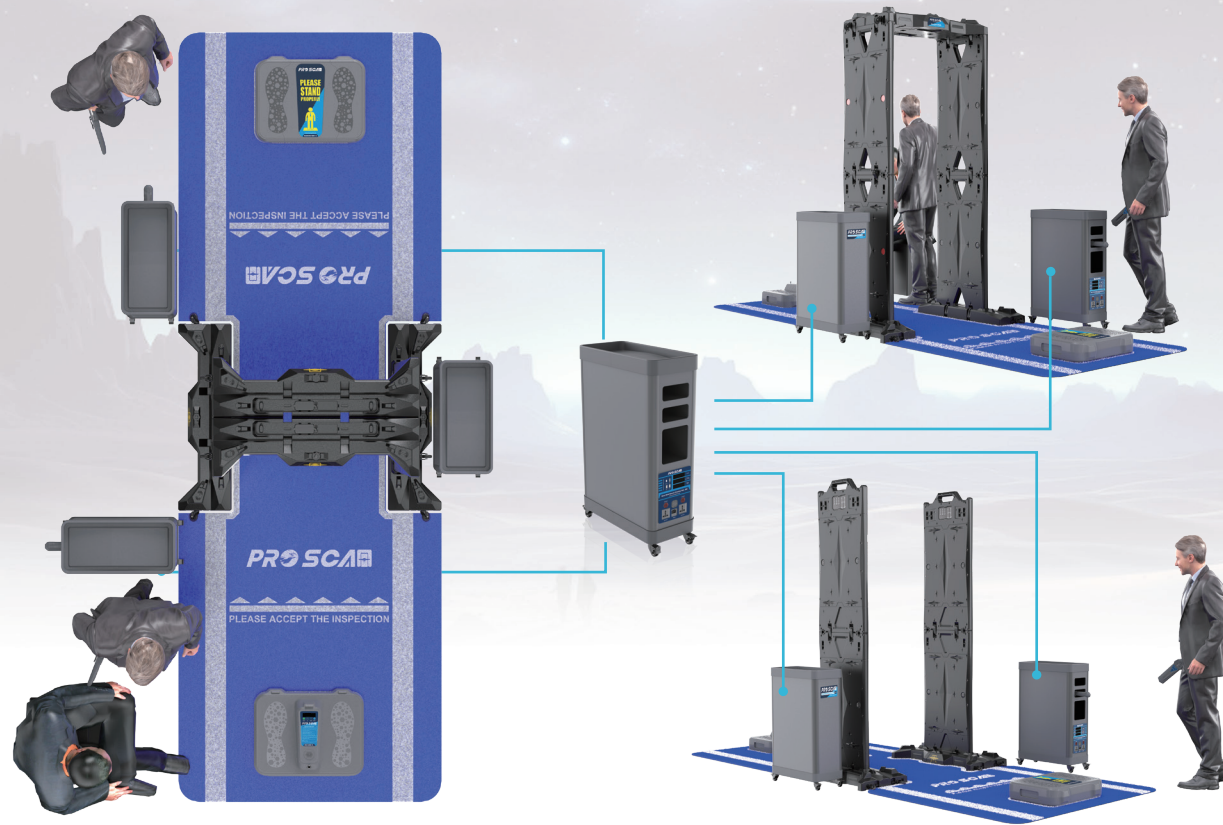

Multi-switch function socket

Universal wheel for easy movement

UNIQUE FEATURES

Shoe Scanner/S2

Security Innovation & Convenience

S 2

INNOVATIVE TECHNOLOGY
EXTRAORDINARY EXPERIENCE

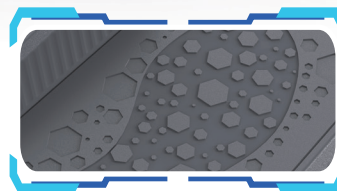

S2 • PRODUCT HIGHLIGHTS

- ※ Quick Pass: Barrier-Free Inspection, Pass Directly After Inspection
- ※ Anti-interference: Strong Environmental Usability, Can Eliminate Interference from Surrounding Electromagnetic Fields
- ※ Sound and Light Alarm: When metal is detected, the buzzer and alarm light will be activated.
- ※ Adjustable Sensitivity: sensitivity can be adjusted according to requirements

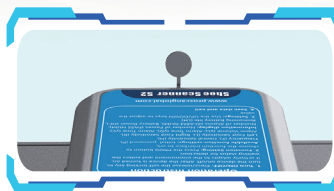

- ※ Dimensions: L264mm x W209mm x H91mm
- ※ Working temperature: -25℃--+60℃ (humidity: 0-95%)
- ※ Weight: Net weight 4KG, gross weight 4.2KG

※ APPLICATION

Ultra-high performance, ultra-long distance "shoe scanner", high detection sensitivity, Strong anti-interference ability, Two separate foot detection areas, suitable for subway, customs, stations, ports, factories and other public places.

Large detection range

High sensitivity

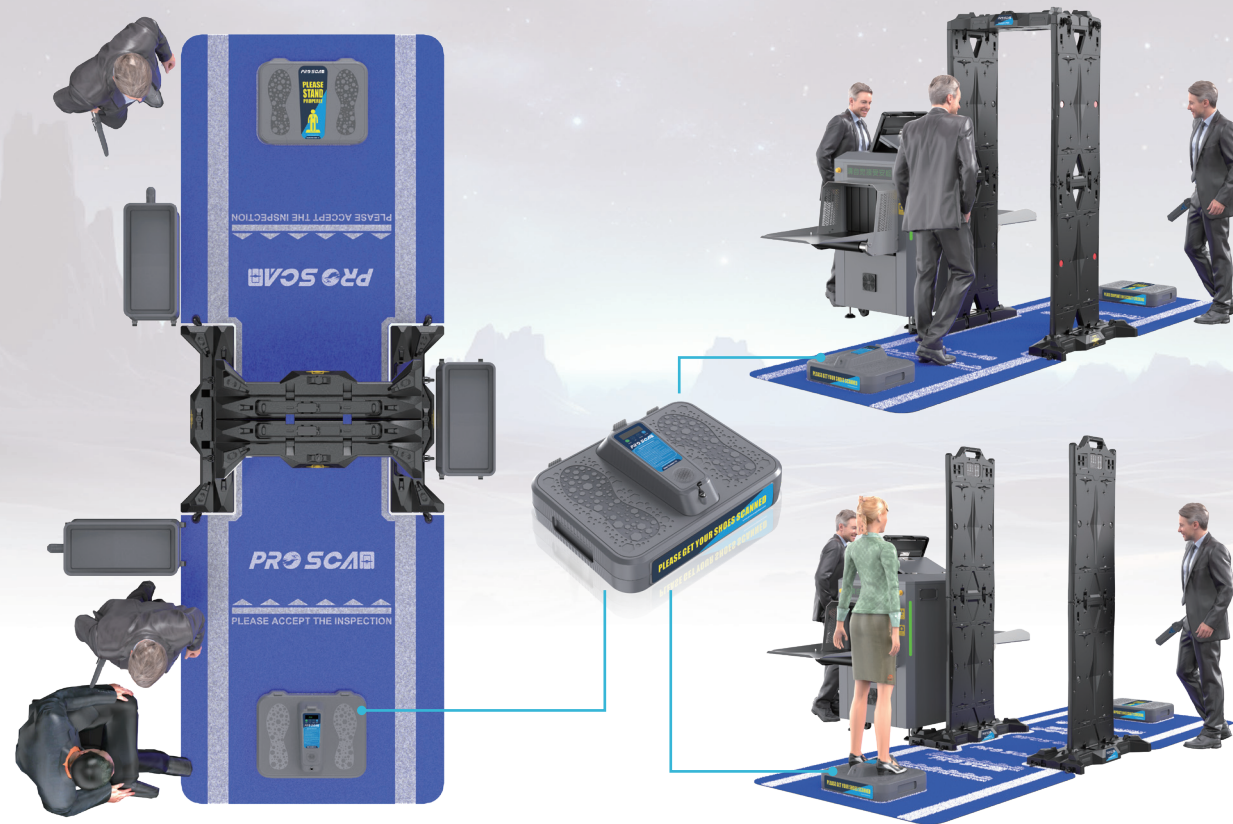

Alarm light

Portable Step-On Security Platform

INNOVATIVE TECHNOLOGY
EXTRAORDINARY
EXPERIENCE

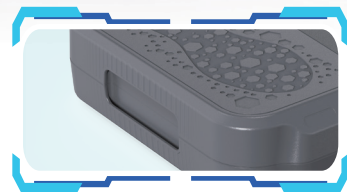

T3 • PRODUCT HIGHLIGHTS

- ※ Increase the Height Of Pedestrians and Reduce the Bending Range Of Security Personnel
- ※ Light Weight and Easy to Move
- ※ Strong Load-bearing Capacity, The Maximum Load-bearing Capacity 150kg
- ※ Waterproof Design, Be Used Indoors and Outdoors

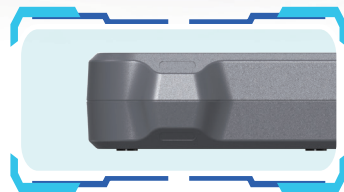

- ※ Dimensions: L264mm x W209mm x H55mm
- ※ Working temperature: -25℃~+60℃ (humidity: 0~95%)
- ※ Weight: Net weight 4KG, gross weight 4.2KG

※ APPLICATION

With stable performance, energy saving and environmental protection, simple operation, easy to carry and other advantages, can help security personnel quickly complete the detection, let pedestrians pass quickly , bring worry -free experiences . Suitable for subway, customs stations, prisons, factories, hospitals and so on

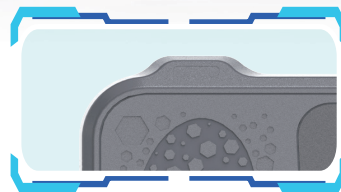

Easy to carry

Small size and convenient storage

Large checking range
